

The Courier-Mail The Sunday Mail Home Show Starts Saturday March 1

(Queensland's Largest Home Show 1 – 9 March 2008).

Queensland's population continues to grow each week and as everyone knows, there is still nothing like our own home to rely on for security and dependence. At different times, we all want and need to enhance our home for value and aesthetics. Sure, interest rates have risen recently, however 'bricks and mortar' is still a safe and secure investment.

Imagine a location where you can learn how to add value to your property and make your home environmentally friendly, then perhaps try some of the products and services available, then ask questions and meet the experts. To find out more, you must take the time and visit The Courier-Mail The Sunday Mail Home Show, on at the RNA Showgrounds from 1 – 9 March.

Remember the saying, 'Queensland, beautiful one day....perfect the next'. This Show is designed to reflect the laid back Queensland lifestyle with the public desire to buy, build, renovate or improve their homes still ongoing.
